Sugar Smart Birthdays

The school council have been talking about sugar smart birthdays and we have decided that we aren't going to give out sweets anymore. So we have come up with a couple of other ideas. We asked the school in assembly about what they thought and we have come up with some options.

A popular option was a birthday cushion so we decided that every class will have a birthday cushion or two. When it is someone's birthday they get to sit on the birthday cushion in class for the day.

People can also bring a special book to school on their birthday. They could wrap it up as a surprise then share the book with the class. If they want to they could leave the book as a present for the class and write a message inside.

We hope you like our birthday celebration decisions.

This is us: the Green Team
Our role is to:

- Help the school to look after the planet
- Organise recycling in school
- Help plant things around the school
- Help everyone reduce waste

House points

At our meeting we decided that we want to keep on doing house points because it keeps us motivated about our learning. We wanted to change the amount of points to get Bronze, Silver and Gold. We asked the school to vote in assembly and they decided it should be 70 to get to bronze, 140 to get to silver and 210 to get to gold.
