| R, W & M Combined | 70%                 | 63%           | ↑ +7pp     | 25%                                                             | 8%            | ↑ +17pp    | n/a                  | n/a           | –          |

↑ Above national  
More than 10% above national

↑ Slightly above national  
Up to 10% above national

= In line with national  
Within ±10 percentage points of national

↓ Below national  
More than 10% below national

National comparisons use the most recent available national data for each measure. This includes 2026 published or estimated data where available and 2025 national data where later figures have not yet been released.

pp = percentage points

n/a = not applicable

N/A = not available

Data correct as of 15 May 2026
